

**Q1 This year, the County Commissioners across Alabama have asked the legislature to debate a \$1.2 billion bond issue, ATRIP-2, to improve Alabama's infrastructure and require all of the money to be spent on fixing county or city owned roads and bridges. This bond issue would be paid for with a temporary 3 cent increase to the gas and diesel tax that would sunset in approximately 15 years. On average, this increase would cost a driver approximately \$1.50 a month. Do you support this plan?**
