Q1: If additional road and bridge funding could be secured for your home county, what would you list as the top priority project(s)? List up to three.

Project 1

County Road 40 in Macon county level in dangerous condition. The portion between County Road 30 and County Road 9 is really bad shape. People are having to drive on the shoulders to miss potholes. There are times where cars on the wrong side of the roads trying to miss potholes and meeting you head on. School buses travel this portion and this cause serious injury to our children If we could get you to look at this road and see if you could help us. Thank you.

Q1: If additional road and bridge funding could be secured for your home county, what would you list as the top priority project(s)? List up to three.

Project 1

County Road 56 between Hwy 199 and Hwy 49 is in sad shape. The patches have bubbled up and are worse than the potholes. It makes for a very rough and sometimes dangerous drive. It is a main through way between Tallassee and Tuskegee so it sees quite a bit of traffic and would have more but many of us opt to drive farther because of the condition of CR56.
